Projects Experience

Randomly | Real-Time News Platform

[Github](#)

React, Tailwind CSS, Node.js, Render, Netlify

- Built a responsive news website where users can explore real-time articles.
- Optimized API data fetching with React Loaders & Actions, reducing load times and improving user experience.
- Implemented authentication for visitors and admins, with full CRUD operations for articles.

MSM | Mini-Social-Media Platform

[Github](#)

HTML, Tailwind CSS, PHP, MySQL

- Developed a simple social media site where users can post, comment, and search content.
- Designed a secure authentication and user account management (profile photo, changing account name or password) with PHP & MySQL.

Taiju | Personal Link Manager

[Github](#)

React, Tailwind CSS, Firebase

- Built a link collection app with Firebase authentication & real-time database.
- Used React Router & React Hook to update UI instantly with new user data.

Work Experience

Founder & Content Creator

ACE-Gaming | 2019 - 2024

- Grew an audience of 900K+ by optimizing user engagement strategies, content design, and analytics.
- Developed digital assets (thumbnails, infographics) using Photoshop and Illustrator.
- Lead content strategy, audience engagement, and brand collaborations, including sponsorships and influencer partnerships.

Talent Content Creator

Tier One Entertainment | 2020 - 2022

- Represented as an official talent star as content creator under Tier One Entertainment, a leading gaming and esports talent agency.
- Produced high-quality gaming content, including live streams, video highlights, and educational guides.
- Collaborated with international brands and creators to deliver high-impact promotional media.
